RECYCLING GUIDELINES

Mixed Paper & Cardboard

- ✓ Place in the “Paper Recycling” labeled bins. Empty, flatten and place cardboard in designated areas for removal.
- ♻️ Recycle all clean and dry paper including window faced envelopes and staples, and cardboard boxes.

Cardboard can be bundled and tied for proper setout.
- ✖️ Reduce junk mail, single-sided printing, usage of virgin paper and waxed cardboard or unnecessary packaging.

Glass, Metal, Plastic & Cartons (GMP)

- ✓ Place in the “GMP Recycling” labeled bins.
- ♻️ Recycle all clean and dry rigid plastics, glass, metals, and Tetra pak cartons for milk/soup/juice.
- ✖️ Reduce usage of single-use items.

Trash

- ✓ Place in designated bins after separating out recycling items.
- ✖️ Please ensure that recyclable, electronic, and all other waste except wet waste is separated from the trash.
- ✖️ Reduce usage of single-use disposable items.

Questions?

Contact office@classicrecycling.com for assistance with any questions regarding the program or where materials should be placed for collection.

♻️ Recycle today for a better tomorrow.

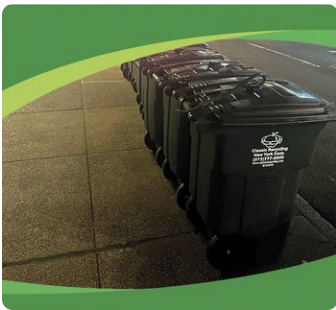

Waste Properly Set Out

Trash

Wet waste black bags should be in tote with a secure lid.

Avoid overfilling the garbage tote.

Recycling

Recyclables such as glass, metal, plastic should be in clear bags.

Avoid commingling trash with recyclables.

Cardboard/Paper

Cardboard and paper should be baled and tied together.

Avoid setting out cardboard/paper in bags.

Organic Waste

Compost should be placed in biodegradable bags in totes.

We can supply you with biodegradable bags.

Main Points

- Do not mix any materials together for collection.
- Do not discard any linens/towels into the waste as soiled materials contain bodily fluids, which are detected when transporting the waste to the dump. If detected, our truck will be held at the facility and will not be allowed to leave until a full inspection is complete and the source is identified.
- Bulk items cannot be placed for regular collection. Should you need pick up of any bulk items such as furniture, broken equipment, building materials, etc., contact Classic's customer service to schedule and arrange special pick-up services.

DSNY Tote Regulations

As part of New York City's Department of Sanitation and Mayor Adams administration's ongoing commitment to cleaning up New York City's streets, an increased focus has been placed on decreasing the amount of time trash is left on the curb. Assisting in the effort to diminish the eyesore of black bags, reducing trash for rats, and improving cleanliness.

In collaboration with the city's efforts, Classic is offering all customers 64-gallon and 96-gallon totes and tote straps. Our totes with straps offer the following benefits:

- Ensures compliance with the city's new commercial regulations
- Prevents pests and animals from accessing garbage
- Seals in odors/Holds lids down
- Keeps garbage inside and not spilling out
- Keeps waste properly contained while awaiting pickup
- Improves your business and the community's cleanliness

Who is Affected

As of August 1, 2023, ALL food-related businesses in NYC must use bins with secure lids when setting out trash for collection.

As of September 5, 2023, ALL chain stores with five or more locations in NYC must use bins with secure lids when setting out trash for collection.

Starting March 1, 2024, ALL businesses in NYC must use bins with secure lids when setting out trash for collection.

What types of waste

All trash, food, and food-soiled paper must be in a bin with a secure lid when set out at the curb for collection. The requirement does not apply to recyclables (metal, glass, plastic, or clean paper and cardboard).

This rule does not require the separation of trash from food or food-soiled paper — it only requires that these materials are placed in bins with secure lids for collection.

How to store bins

Containers should be stored inside or in a rear yard if possible when not set out for collection. If space is not available, bins can be stored within three (3) feet of the building line. Bins must be maintained in a neat and orderly manner and always allow for a clear path of pedestrian travel on the sidewalk.

Tote Sizes Available

Toter 64 Gallon

31.5" L X 24 1/4" W X 41 3/4" H

Toter 96 Gallon

35.5" L X 29.7" W X 43.5" H
